## AIRAC SYSTEM/AMENDMENTS TO AIP FIJI FOR YEAR 2025

### 1. INTRODUCTION

The pre-determined dates of the regulated system for publication of aeronautical information are applicable. Such publication will be issued in the form of AIP Amendment or AIP Supplement and identified by the acronym "AIRAC". Details on information to be notified by AIRAC AIP Supplement can be found in Chapter 6, paragraph 6.2 of ICAO Annex 15 – Aeronautical Information Services.

### 2. PUBLICATION OF AIRAC AIP AMENDMENTS AND AIP SUPPLEMENTS

The table below contains the cut-off dates for the amendments to AIP Fiji. The dates are in line with the ICAO objective (Annex 15) to provide at least 28 days advance notification of significant changes to operational services, facilities and procedures. Cut-off dates for the text amendments allow the minimum time for processing and distribution to provide 28 days advance notification to clients prior to effective dates. For major works or charting stakeholders are required to plan for 56 days advance notification.

Data or information not with AIS by the cut-off date will be held over until the next schedule dates.
